

## **Vacancy Announcement: WABILED MANO RIVER UNION ADVISOR**

### **WEST AFRICA BIODIVERSITY AND LOW EMISSIONS DEVELOPMENT (WABILED) PROGRAM**

We're hiring!

WABILED is looking for a motivated and passionate Technical Advisor to the Mano River Union (MRU); passionate about making regional policies and best practices work for people and biodiversity in forest landscapes

**About:** WABILED is a USAID West Africa-funded Program, implemented by Tetra Tech ARD. WABILED is seeking applications for an experienced full-term Technical Advisor, based at the MRU Secretariat in Freetown to support the implementation of activities jointly identified by MRU and WABILED. Anticipated outcomes of the **MRU Advisor's** work include the operationalization of the MRU Strategic Plan and strengthened institutional capacity of the MRU Secretariat. As a core member of the MRU technical team, the **MRU Advisor** will conduct a mapping of funding mechanisms to address climate change and other environmental issues in West Africa and assist the Secretariat to mobilize resources to conduct vulnerability baseline assessments of priority sites. Specifically, s/he will reinforce capacities of MRU's technical staff on Public Private Partnerships (PPP) and support initiatives regarding private investments on climate change, wildlife trafficking and/or forest and biodiversity issues. The **MRU Advisor** position comes with periodic travels throughout West Africa.

**Required qualifications:** Master's degree in Geography, Environmental Sciences, Natural Resources Management, Forestry, Agronomy, Rural Development, Regional Planning, and Land Use, complemented by minimum of ten years of progressively increasing responsibility for designing, managing, and implementing complex projects relating to Natural Resource Management, Environment and Research.
